## Math

- The data from the PMA will be going home this week.
- We will begin learning the four division strategies required of our division standard. Please note that the standards algorithm of division (long division) is a Sixth Grade standard and will not be covered.
- i-Ready Math is assigned as homework each week. Students need to complete **45 minutes at home** each week. A week runs from Monday to Sunday. Two grades are taken from this: one for time on task (out of 45 mins) and another for the average of the quizzes taken.
- Each student should also keep track of iReady usage on a list of lessons that is in the Data Folder.
- Please continue to have your child review his or her IMJ (Interactive Math Journal) each night.
